skpcindia@gmail.com

www.skpc.in

We are leaders in the industry that specializing in protection against common insects, including termites, Bed Bug, Rodent, Ant, Cockroaches and Mosquito Control .

## services

### BED BUGS

Bed Bug fecal and blood spots (look like rust) are left on sheets and pillowcases when the engorged bed bugs are crushed.

### TERMITE EXTERMINATION

The reticulation system allows for the reinstatement of a chemical barrier around the foundations of the home utilizing a network of underground pipes.

### GARDEN PEST CONTROL

It is important to check the vegetables in your kitchen garden for pests on a regular basis. Predators will soon hone in on the pests and lay their eggs.

### About us:

SKPC is a leading pest service provider in Cockroach, Bed Bug, Mosquito, Wood Borer, Termites, Bird nest Protection and other general pest control service.

We take pride in the fact that no one knows pests the way we do. SKPC Network and expertise in unparalleled.

## PEST CONTROL SERVICES

### INSECT CONTROL

Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed diam nonummy nibh euismod tincidunt ut laoreet dolore magna aliquam erat volutpat.

### RODENT REMOVAL

Rats in your home can be a real problem. They are commensally creatures that like to be near humans to have a steady supply of food.

### GARDEN PEST REMOVAL

It is important to check the vegetables in your kitchen garden for pests on a regular basis. Predators will soon hone in on the pests and lay their eggs.

### GENERAL PEST CONTROL

Many cockroaches enter our homes and buildings from outside, through sewer openings or by hitchhiking in furniture, boxes, electronic equipment and other items brought into the home.

### TERMITE EXTERMINATION

Termite Treatment through reticulation system is designed to effectively treat the area under concrete slabs.

### BED BUGS

Bed bugs are parasitic insects of the cimicid family that feed exclusively on blood. As you know, bed bugs have become a major concern.

### ECO FRIENDLY TECHNOLOGY

We combine our green approach with IPM, which is an effective and environmentally sensitive approach to pest management that relies on a combination of common-sense practices.

### FREE HOME INSPECTION

Super Killer Pest Control can greatly reduce the amount of time, stress and money Which is why Super Killer Pest Control offers free initial pest inspections to its customers.
